

PRAK SECTION 8

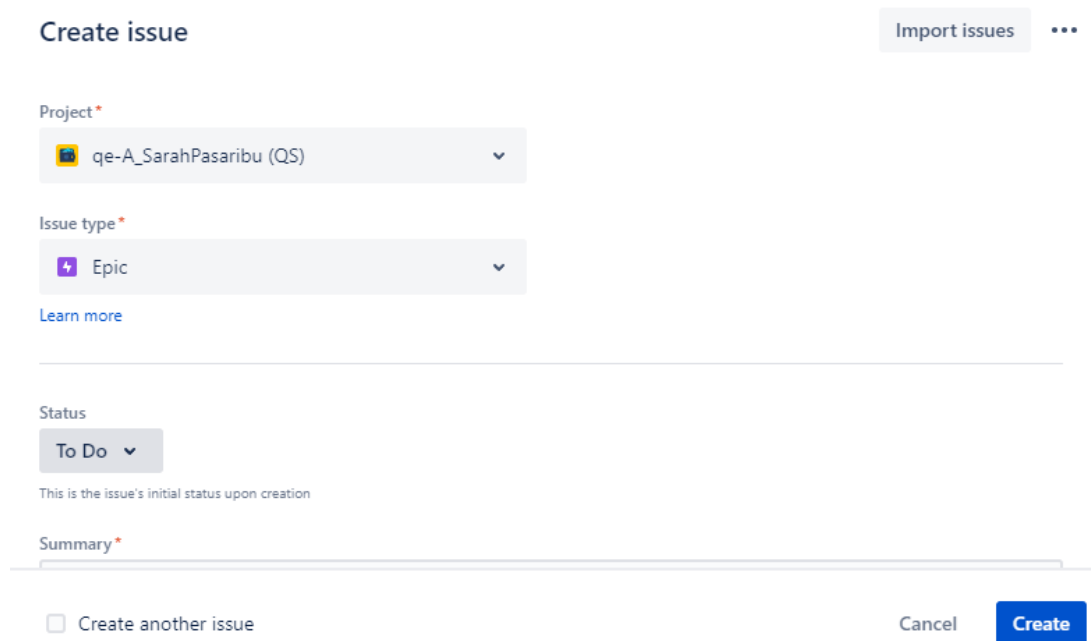

Nama : Sarah Oktavia br Pasaribu

Kelas : QE-A

1. Membuat project , dengan cara projects > create project

2. Membuat epic terlebih dahulu, seperti gambar dibawah ini

A screenshot of the Jira 'Create issue' form. The form is titled 'Create issue' and has a 'Project' dropdown menu set to 'qe-A_SarahPasaribu (QS)'. Below this, the 'Issue type' dropdown menu is set to 'Epic'. There is a 'Learn more' link below the issue type dropdown. The 'Status' section shows a 'To Do' dropdown menu. Below the status, there is a note: 'This is the issue's initial status upon creation'. The 'Summary' field is empty. At the bottom of the form, there is a checkbox labeled 'Create another issue' which is unchecked. To the right of the checkbox are two buttons: 'Cancel' and 'Create'.

Epic tersebut masih dalam status TO DO, pada summary diisi “**Login Feature**” dan Description diisi “**User Melakukan login/masuk pada aplikasi sepulsa.com ,sehingga user bisa melakukan requirement yang ada pada aplikasi.**”

3. Lalu create story

Create issue

Import issues ...

Project*

qe-A_SarahPasaribu (QS)

Issue type*

Story

[Learn more](#)

Status

To Do

This is the issue's initial status upon creation

Summary*

Linked Issues

blocks

QS-1

Flagged

Allows to flag issues with impediments.

Epic tersebut masih dalam status TO DO, pada summary diisi ***“Login Successful”*** dan Description diisi ***“As a user I should be able to enter my email and password in the login page , so that i can login”***

Maka tampilan nya seperti berikut ini :

The screenshot shows the Jira interface for a project named 'qe-A_SarahPasaribu'. The left sidebar contains navigation options: PLANNING (Roadmap, Backlog, Board), DEVELOPMENT (Code), and Project pages (Add shortcut). The main area displays the 'Backlog' for 'qe-A_SarahPasaribu'. A search bar and filters (Epic, Label) are at the top. Below, a 'QS Sprint 1' section shows a single issue, 'QS-2 Login Successful', with a status of 'TO DO'. A 'Start sprint' button is visible. A notification banner at the bottom left states: 'You've created "QS-2" issue. View issue · Copy link'. On the right, the issue details for 'Login Successful' are shown, including a 'To Do' status and a description: 'As a client I should be able to enter my email and password in the login page , so that i can login'. A comment field is at the bottom.

4. Kemudian create task

Create issue

Import issues ...

Project*

qe-A_SarahPasaribu (QS)

Issue type*

Task

Learn more

Status

To Do

This is the issue's initial status upon creation

Summary*

☐ Create another issue

Cancel

Create

Sehingga tampilan nya seperti berikut ini :

6. Membuat Board (Panel) , yakni tempat tracking sprint yang akan dilakukan

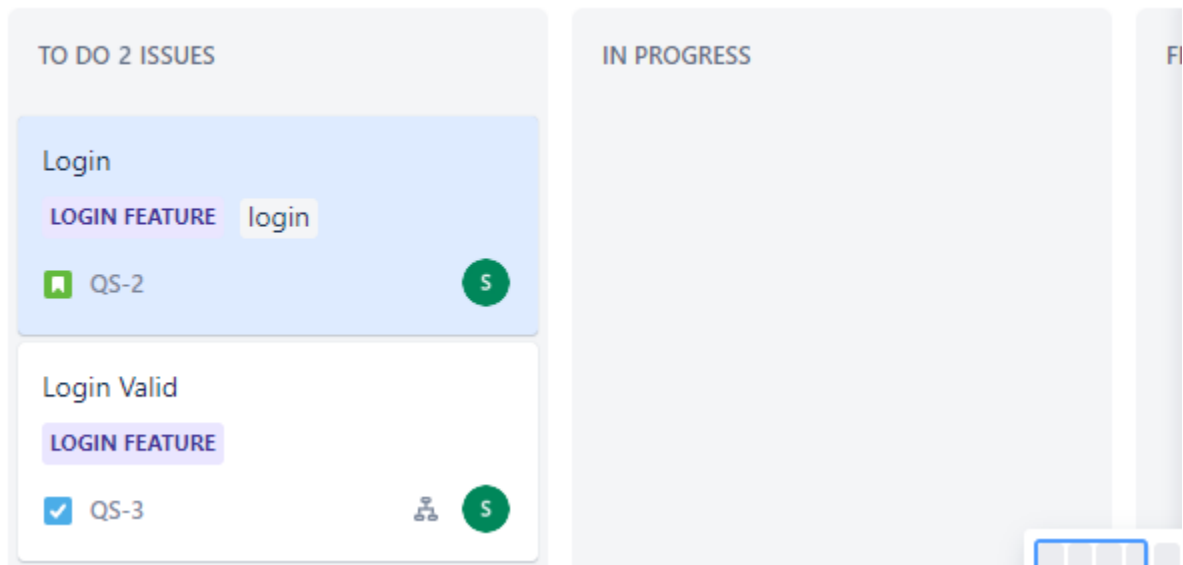

7. Lalu start sprint pada Backlog

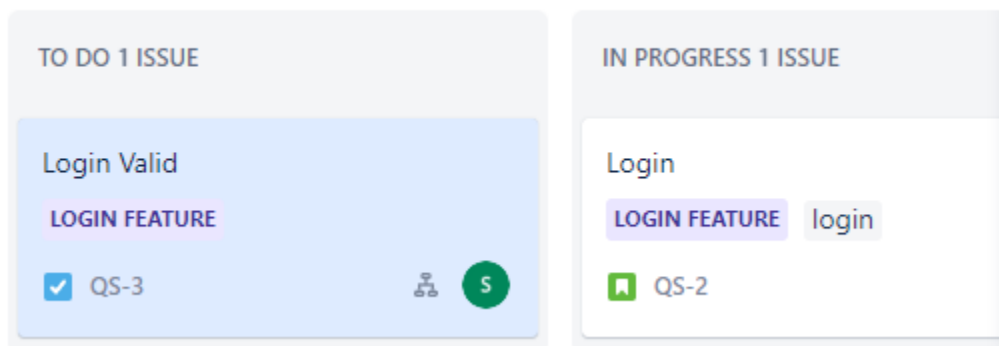

8. Maka tampilan nya seperti ini

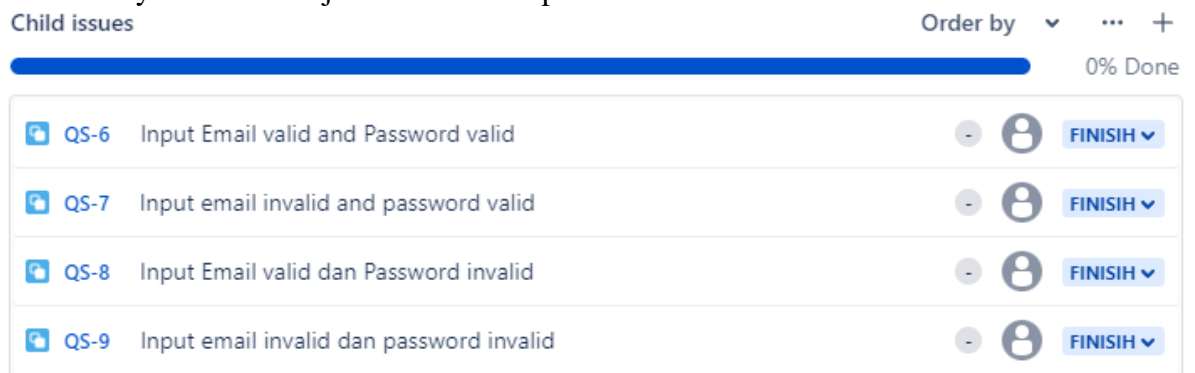

9. Lalu tampilan nya akan seperti ini

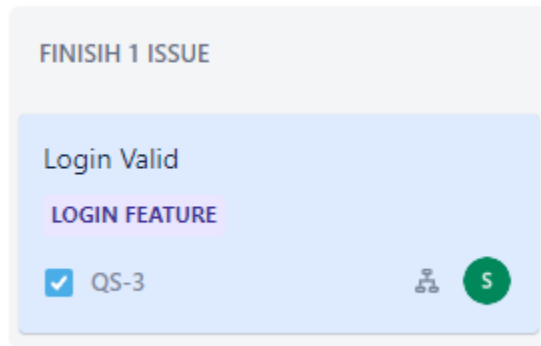

10. Kemudian drag Story (QS-2) ke inprogress

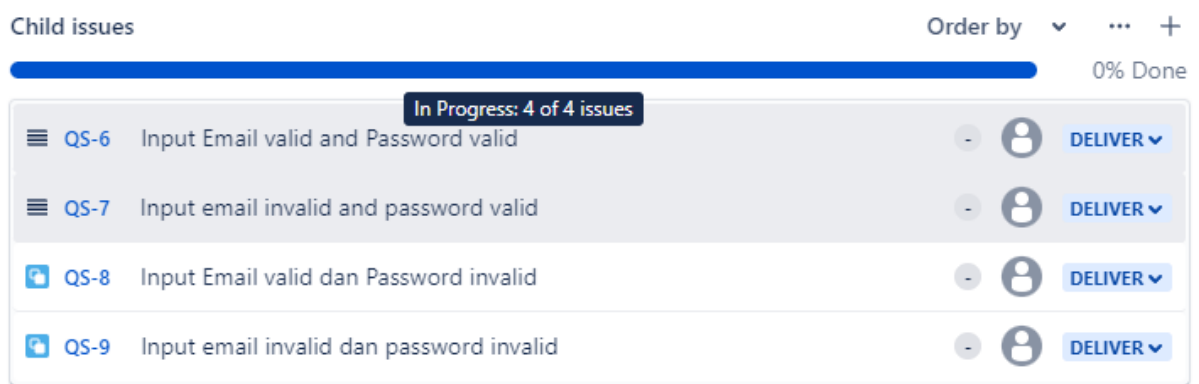

11. Lalu status nya diubah menjadi ***“Finish”*** seperti dibawah ini

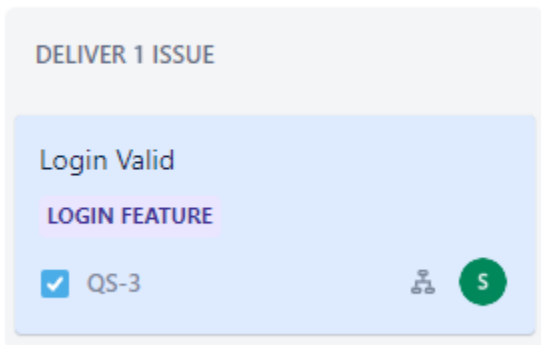

12. Maka board (panel) akan tampil seperti ini

13. Kemudian setelah finish dan ready to testing, ubah status menjadi ***“Deliver”***

14. Maka akan tampilan seperti ini:

15. Setelah selesai (finish) dan deliver dilakukan testing, maka testing dilakukan pada Fitur Login

🔍 QS-1 / ✅ QS-3

Description

As a user I should be able to enter my email the login page , so that i can login

Child issues
